Dear Resident,

It has been brought to our attention that within the area in which you live, there is an increased volume of Anti-Social Behaviour in warm weather.

We would like to work with you and our partner agencies address this community issue together. Your information plays a vital role in the intelligence picture and assists police with identifying repeat offenders and/or children at risk.

We need local residents to be our 'eyes and ears' and contact one of the agencies listed when they witness any form of Anti-social behaviour or crime in their area and provide the following information:

- 1) What type of Anti-social behaviour/crime is occurring (noise, youth, damage, littering, etc.)
- 2) What time it started, how long it's been going on and location/s
- 3) The names of those involved (if known) and a description including age, race, hair colour, clothing, etc.
- 4) If a vehicle is involved, the registration plate, vehicle make and model and colour, along with any details of the driver and occupants
